

STOCKHOLDERS OF BANKS IN COUNTY ELECT

Stockholders of most of the county's banking houses gathered today for their annual meetings at which directors were elected and other business was transacted.

Some of the boards conducted their organization meetings immediately. Others were in session this afternoon. In most cases official staffs and employees were retained without change.

Results of today's meetings which were available by prestime follow:

First National of Gettysburg
With 97.224 per cent of the bank's shareholders voting, the proposed increase of the capital stock of the First National Bank of Gettysburg from \$250,000 to \$300,000 was approved this morning. The vote of 48,612 shares out of the total 50,000 shares of stock was unanimously in favor of the increase in capital stock, the first such increase by the bank in ten years.

Edmund W. Thomas, president of the bank, expressed the appreciation of the officers and directors "to the shareholders for the marvelous cooperation and support of this proposal and the excellent turn-out of the vote."

He added that the bank today will mail letters to all shareholders containing a warrant showing the number of shares, of the new issue of 10,000 shares, each of the present stockholders may purchase. The ratio will be one share of the new issue for each five shares at present held by the stockholder. Those whose present shares would permit a fractional purchase would permit a fractional purchase based on February 13 to exercise their warrant if they can obtain sufficient other fractions to make a full share. The bank promised help to those wishing to know other fractional share warranty holders in order to arrange for purchase of a full share. Those holding full share warrants have until March 15 to exercise the warranty permitting them to buy shares of the new issue. Cost per share of the new stock will be \$12.50.

The bank's member board of directors was re-elected this morning. They are: Dr. J. Clair Donley, Glenn W. Guise, M. C. Jones, Richard W. Livingston, Ivan Z. Muselman, Harry L. Snyder, Samuel G. Spangler, Edmund W. Thomas, Dr. Ralph D. Wickerham and Attorney S. M. Raffensperger. Organized (Continued On Page 2)

Eisenhower Will Be Name Of New Elementary School

Gettysburg's new elementary school will be called the "Eisenhower School," in honor of President Dwight D. Eisenhower, Gettysburg's Joint School board decided Monday evening at its meeting in the local high school.

The name "Eisenhower" won by one vote in an election in which the name of David A. Wills, first superintendent of the Adams County schools, was a close contender.

"Eisenhower" was selected by ten of the directors. "David A. Wills" was the choice of nine. Four preferred "Gettysburg Elementary" and one "Broadway."

Arthur E. Buehler put the name of "David A. Wills" into nomination for the schools. He said, "Wills, the first superintendent of the county's school systems, the man who established the Gettysburg National Cemetery, the man who invited Lincoln to speak here and who was the President's host, and the man who also served as the county's first sitting judge, has never been honored in our community."

No other nominations were made. After the first ballot, Dr. Ralph D. Wickerham announced the results: David A. Wills, 8; Eisenhower, 4; Gettysburg Elementary, 3 and Broadway and John Burns, one each.

On the second ballot Eisenhower won.

HOLD SERVICES FOR VICTIM OF AUTO ACCIDENT

Funeral services for Phyllis Louise Bream, 12-year-old of Mr. and Mrs. Raymond R. Bream, Gardeners R. 1, fatally injured Friday in an auto accident while enroute to school on the York Springs-Idaville Rd., were held this afternoon at 3 o'clock in the Upper Bermudian Lutheran Church.

Officiating at the service were the pastor, Rev. Earl H. Scholtz, and the Rev. Amos D. Meyers, principal of the Bermudian Springs High School at York Springs where Phyllis was seventh grade pupil. Interment was in the church cemetery. Pallbearers were Carl Hikes, Robert Garretson, Roger Sowers, Eddie Miller, Alvin Griest and Samuel Bricker.

Two sisters of Miss Bream were injured in the auto accident in which a total of five York Springs High School students were injured. Patsy Bream, aged 14, was reported as slightly improved, although she had not regained consciousness. The other sister, Doris, aged 16, has regained sufficient consciousness to be able to speak to members of the family.

Both girls are patients at the Carlisle Hospital where death came Friday to Phyllis about 10 hours after the accident occurred three miles west of York Springs on the Idaville Rd. The Misses Bream and two young men were occupants of a car which left the highway and crashed head-on into a stone fence pillar.

PREPARE FOR INSPECTION

The annual general inspection of the Howitzer Co., 2nd Battalion 104th Armored Cavalry Regiment of the Pennsylvania Guard will be held March 10.

Monday night's first hour class consisted of in-line inspection, close order drill and a question and answer period. The second hour featured military occupational specialty training by sections, stressing maintenance and administration.

Lt. Donald Doersom, Gettysburg, company commander, reported that the Howitzer Company had received the highest rating, "Superior," in its last two annual inspections, and the company is hoping for the same this year.

Lt. Doersom also announced that the company is accepting enlistments of men with prior service. Next week, men without prior service will be accepted for the six-month training program.

PRESBYTERIANS ELECT OFFICERS AT ANNUAL MEET

Gettysburg Presbyterians at their annual congregational meeting Monday evening in Fellowship Hall at the church elected officers for the year, heard annual financial and organizational reports and gave general approval to a unified budget plan for 1959.

Miss Elizabeth Evans, who has been church treasurer for more than 20 years, was re-elected for another one-year term and these selections were made for three-year terms on the various church boards:

Elders, Dr. Roy W. Gifford, Donald M. Swope and Dr. Frank N. Hewetson; deacons, Miss Ruth McIlhenny, William Barriga and Dr. Robert Barnes; and trustees, John C. Stahle, Richard E. Bruce and Dr. M. Scott Moorhead.

Get Annual Reports

Mr. Stahle, who was assistant director of the Every Member Canvass last fall, was advanced to director for the campaign to be held this fall and Mr. Bruce was elected as his assistant.

The congregation named these members to the Nominating committee for next January's congregational meeting: Mrs. C. H. Johnson, Herbert Hamme, Oren H. Wilson, Miss Evans and Dr. Seymour Dunn.

Mimeographed copies of officers and organization reports were distributed to the more than 80 persons who attended the meeting. The Rev. Robert A. MacAskill, pastor, conducted the opening devotional service and presided at the first part of the meeting with C. Ross Shuman of the Board of Trustees presiding for the meeting of the congregation.

Have 590 Members

Reports showed a church membership at the end of the year of 590, an increased enrollment and average attendance in the Church School. There were also reports for the board of deacons, the Women's Christian Fellowship, youth groups, the Gilliland Presbyterian Home, the Every Member Canvass committee and the church treasurer.

The congregation directed the church officers to employ the necessary professional help to get cost estimates on such projects under consideration as a public address system for the church, interior decoration, new kitchen and equipment, exterior decoration of the church, excavating beneath the church and air conditioning.

For many years the Presbyterians have operated under a dual budget with a separate set of goals and pledges for benevolences and for current expenses. The church officers now have been directed to prepare a single budget plan for use in 1959 with a representative committee to propose the division between current expenses and benevolences.

Benevolence and current expense budgets for 1958, both revised since last fall's every-member canvass, were adopted.

After the meeting there were refreshments served by members of Circle 3 of the Women's Christian Fellowship.

GIVE AWARDS AT VFW BUFFET

The Gettysburg VFW Post entertained and presented trophies to members of the VFW Horseshoe League team Monday evening at a buffet supper at the post home.

An individual trophy was presented to Albert Plank Jr., the new Adams County champion. A trophy was also presented to Plank as the winner of the Round Robin tournament. Runner-up Wayne Kump received the second place award.

Individual members of Team No. 1 which won the regular league championship also received trophies. They were Wayne Kump, Max Sherman and Glenn Sell.

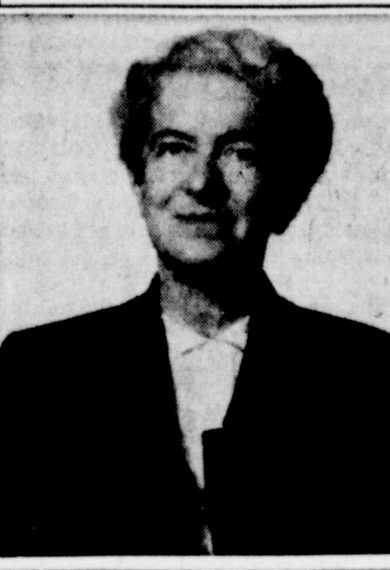

Ed Kerrigan, manager of the VFW Home, announced that three more courts will be added next year. A committee comprising James D. Munshour, Joe Sanders and William Consten was named to meet in April to decide if there is enough interest for an Adams County League this year. Seventeen of the 24 who competed in the league last season were present.

TO LEAD DISCUSSION

Paul R. Baird, professor at Gettysburg College, will be the discussion leader at the accountants' meeting at which Dr. J. F. Marvin Beuchel, president of York Junior College, will discuss "The Two Year College Movement." Wednesday evening at 8 o'clock at the Hotel Yorktowne, York. Edwin Minter and Gordon Webster, Gettysburg, will also attend.

AAUW Speaker

Dr. Dorothy Douglas, visiting professor of sociology at Gettysburg College, will speak Wednesday evening at 8 o'clock at a meeting of the Gettysburg chapter of the American Association of University Women at the YWCA.

STATE TAKES LATE APPEAL OVER DAMAGES

The Commonwealth of Pennsylvania today appealed the decision of an Adams County board of viewers that the state should pay James E. and Lella Jane Behney, York Springs R. D., \$14,700 for damages to their property caused by the York Springs bypass.

The appeal was filed in the prothonotary's office one day after the finding of the board of viewers was confirmed absolute by the county court.

If the appeal is allowed, the case will come to trial before a jury in the Adams County court.

Brown Files Affidavit

Attorney Richard A. Brown, signing the appeal as local attorney for the Commonwealth, also filed an affidavit that the "appeal to the court is not taken for the purpose of delay but because the appellant firmly believes that injustice has been done."

The state did not file any objections to the award during the 30-day period provided before the award was confirmed absolute.

In making the appeal the state claims Mr. and Mrs. Behney were "awarded excessive compensation" for damages to their property.

The state took over approximately nine acres of the 15 owned by the Behneys just east of York Springs along the Hanover Rd. The present bypass bridge's southern approach covers the spot where the Behney home stood before the bypass was built. Behney moved his home to a hill on a part of his land overlooking the bypass.

Mt. Joy Collector Files Tax Report

Charles C. Little, Littlestown R. 2, tax collector for Mt. Joy Twp., has filed his annual report with the county clerk of courts.

Mt. Joy's 775 residents assessed for per capita tax and 447 property owners, paid \$41,789.51 in tax. The collection was made at a cost of \$1,742.03 of which \$1,519.73 went to the tax collector. The township residents paid \$6,286.49 township tax, \$24,804.87 school district, \$4,111.79 county and \$1,669.21 institution district tax.

The township levies a six-mill, \$5 per capita tax, the school district a 45-mill, \$10 per capita tax and the county and institution district a 10-mill tax on real estate and occupations plus a four-mill tax on personal property.

Still owing at the end of the year were \$1,019.91 in township taxes, \$3,145.48 school district, \$286.16 county and \$129.40 institution district taxes.

2 Killed When Trailways Bus Skids Into Abutment

BEDFORD, Pa. (AP)—A Continental Trailways bus with 18 passengers aboard skidded on the ice-coated Pennsylvania Turnpike near here last night and crashed against a bridge abutment, killing 2 persons and injuring 17 others.

Sliding helplessly, the huge bus slammed sideways against the concrete abutment set in the median strip which separates the east and west lanes.

The tremendous impact completely severed the bus near the rear wheels. The front portion continued down the highway another 150 feet.

The dead and the most seriously injured were riding in the rear portion which jammed against the abutment.

Killed were Charles Malloy, 22, a soldier, of Albion, Iowa, and Miss Marian Lay, 55, of New York City.

Sixteen of the injured were admitted to Bedford County Memorial Hospital.

COUNTIANS WIN HIGH HONORS AT PA. FARM SHOW

Adams County fruit growers' annual apple display carried off second honors and an \$85 prize in the Farm Show at Harrisburg Monday while 15-year-old Crayer Yake, eldest son of Attorney and Mrs. J. Francis Yake, of New Oxford, carried off honors in three divisions of the Farm Show in early reports on the results of the judging.

The first prize of \$100 in the apple display was won by the Franklin County display. Franklin County also won the coveted Gabriel Heister award for its fruit displays.

Strayer Yake took top honors for fitting and showing in the Hampshire division of the vocational swine display. He also won a first prize for a dozen brown eggs entered in the 4-H Club section of the show. He added an eighth place award with white fowl entered in the 4-H capon exhibit.

To Honor Keefer

C. P. Keefer, Adams County superintendent of schools, will be among 30 businessmen, farmers and educators to be presented with honorary Keystone Farmer Degrees on Wednesday at the Farm Show. The presentations will be made at ceremonies to be held in the Forum of the State Education building during the meeting of the Keystone Chapter of the Future Farmers of America. Adams County youths will share in the distribution of 207 FFA degrees.

This evening Adams County Senior Extension Club members will take part in the program in the show arena in square dancing routines.

The first list of winners in the home economics division of the Farm Show includes the names of some Adams County winners. Sarah Fox of Biglerville won first place for brunch coats and house coats while Sallie Bentzel of New Oxford placed fifth with a dress. Jane Spangler of New Oxford also won a fifth place award with a wool jumper she displayed.

YOUTH IS HURT; CARS SMASHED

A New Oxford R. 1 youth was injured and two cars were demolished when the auto in which he was a passenger skidded on icy highways 200 feet south of Cross Keys on the Hanover Rd. this morning at 7:15 o'clock.

Patrick E. O'Brien, 19, New Oxford R. 1, who suffered head injuries in the crash, was a passenger in a car driven by his brother, Michael I. O'Brien, 17, also of New Oxford R. 1, when it went into a skid, while southbound, and, crossing over the center line of the highway, struck a northbound auto operated by William E. Kopp, 25, Hanover.

Both autos were listed by police as demolished. The officers set \$200 as the damage to the 1948 Chevrolet operated by O'Brien and \$350 the damage to the 1951 Dodge owned by Kopp.

A charge of failing to operate on his own side of the road was placed against Michael O'Brien before Justice of the Peace Elizabeth Zinn, Hanover R. 5. Patrick O'Brien was removed to the Hanover hospital by the Hanover ambulance.

POLICE REPORTS

The following reports were received by borough police this morning:

Charles Thorne, 314 Baltimore St., reported that a flashlight had been taken from the glove compartment of his car while it was parked in a garage.

Mrs. Raymond Wisler, 423 Steinwehr Ave., reported that her "vacancy" sign had been torn down Monday morning between 1 and 3 a.m.

2 Killed When Trailways Bus Skids Into Abutment

Airman Robert Ekenstam, 28, of Salt Lake City, Utah, was listed in critical condition with internal injuries.

Among those listed in good condition were: Mrs. Paul Shank, 39, McKeesport, and Rose Wiesorek, 57, Pittsburgh.

The bus crashed 12 miles west of Bedford about 11:15 p.m. and 2 1/2 hours after it left Pittsburgh for New York. Bedford is some 100 miles east of Pittsburgh.

Seven ambulances experienced some difficulty in reaching the scene. A steady rain which began freezing early in the evening caused many traffic jams. The toll road was ice-coated over most of its western half.

The bus driver, Gordon Hileman, 38, of Uniontown, Pa., suffered only minor injuries.

"The bus got away from me on the ice," Hileman told a newsman. "I tried to avoid hitting the bridge head-on, but we just slid into it."

Legion Women Need 111 More Members

The Auxiliary of the Albert J. Lentz American Legion Post needs to enroll 111 members by February 7 to reach its assigned quota of 253. Mrs. Stanley Buntent, membership chairman, told members of the auxiliary at a regular meeting Monday evening at the Legion home.

Mrs. Fred Gormley, the president, presided at the business meeting at which the group voted \$10 to the March of Dimes and \$5 to the Red Cross. Mrs. Mary Fridinger, hospital equipment chairman, announced there are three beds and a new walker available for use.

The next meeting will be a past presidents' dinner on January 27, it was announced. The affair will be held at 6:30 p.m. in the Legion dining room. Arrangements for the dinner session will be completed at a meeting of the executive committee January 20 at 7:30 p.m. in the auxiliary rooms.

The gift box was awarded to Mrs. Mary Fridinger. Mrs. George Martin was in charge of games after the meeting and refreshments were served by these hostesses, Mrs. James Riegle, Mrs. Edith Bushman and Mrs. William McCrorie.

SAYS INDIA AND U. S. AGREE ON MANY POINTS

While there are differences of opinion between the governments of India and the United States, "it is amazing how close the two countries have come. There are many levels of solid friendship," Prabhakar Akolekar, Indian educator now lecturing at Gettysburg College, told the Gettysburg Rotary Club at its meeting Monday evening in the YWCA.

Professor Akolekar held that "of all westerners the British are the most popular in India, with the Americans second. There is good reason for this, for while India sought her independence from England, there was recognition of the good that England had done. There were and are many ties of friendship, school ties, intellectual ties, ties of friendship and respect that had grown up over the years of working together. Perhaps the ties of friendship are even stronger now for the British and the Indian intellectuals meet now as equals. Thus when an Englishman visits India it is like coming home, for there are so many friends in politics, in the press, in business. An outward sign of this friendliness is to be found in the many statues to popular British monarchs and viceroys which still stand in India.

Disagree On Pakistan

"I think this is also true between Americans and Indians, although there must be qualifications in regard to the U. S. government. One of the principal reasons for this is Pakistan, which as a member of various alliances has received armaments from the U. S. The Indian naturally thinks that the U. S. is arming potential enemy of India and this is one of the reasons for misunderstanding. India and the U. S. both think they are right in this matter and so there are areas of disagreement. But there are many areas of agreement as well."

Economically, India's first "five- (Continued On Page 3)

FARM REPORTS DUE JANUARY 31

Farm operators, farm crew leaders and farm contractors have until January 31 to report the wages, and pay the 4 1/2 per cent social security tax on the cash wages that they paid certain farm employees during 1957. John Taylor, manager of the Chambersburg district office of the Social Security Administration, said today.

These reports, which are filed with the Internal Revenue Service, must be made by any farmer who paid his farm employee \$150 or more in cash wages, or who paid cash wages of any amount to a farm employee who worked for him on 20 or more days in the calendar year and who was paid on a time basis—that is, by the hour, day, week, etc.

These reports must be filed by a crew leader or labor contractor who furnished farm laborers to a farmer, and who did not have a written agreement with the farmer making him an employee of the farmer.

Of the total 4 1/2 per cent tax rate, 2 1/2 should be withheld from the farm employee's wages and the farmer, crew leader, or labor contractor pays an additional 2 1/2 per cent.

Wages paid to farm employees on a piece-rate basis need not be reported unless the total cash wages amounted to \$150 or more for 1957.

CODE VIOLATORS

The following recently forfeited fines in Westminster on motor code violation charges: Carl L. Ohler, Taneytown, \$6.45, speed too great; Clarence O. Brown, Taneytown, \$6.45, failing to grant right of way; Robert L. Joy, Emmitsburg, \$6.45, reckless driving.

Gettysburg School Authority Assumes Responsibility For Building Elementary Building

SCHOOL BOARD MAY INCREASE ITS INSURANCE

Gettysburg's joint school board is planning to increase the insurance on its school buildings at the request of the school Authority. The property committee was authorized by the joint board at its meeting Monday evening at the high school, to have a survey made of the replacement cost of the school buildings and to secure sufficient insurance to cover 80 per cent of that value.

The decision came after the auditors notified the Authority that one of the requirements of bond issues is that insurance amounts be kept at 80 per cent of replacement cost. They said values of property have increased about 11 per cent in the last few years.

The board now carries \$1,894,400 worth of insurance on the schools: \$784,000 on the high school, \$108,800 on the Lincoln school \$121,600 on Meade School, \$380,000 on Keefeauver school and \$500,000 on the high school annex.

Replacement Costs

Actual replacement cost of the schools estimated at the time the insurance was taken was \$2,366,000 or \$980,000 for the high school, \$136,000 for Lincoln school, \$152,000 Meade, \$473,000 Keefeauver and \$625,000 the high school annex.

The board turned down a request of a nearby radio station to broadcast the school's basketball games.

Approval was given for use of the high school for an extension class for teachers to be conducted by Shippensburg State Teachers College. The approval was for the second semester beginning January 29. Action on establishment of a (Continued On Page 9)

LIONS DONATE TO RED CROSS AND POLIO FUND

An annual contribution of \$125 to the Adams County chapter of the Red Cross for its 1958 fund campaign and a \$25 gift to the March of Dimes appeal were among donations made Monday evening by the Gettysburg Lions Club at its weekly dinner meeting at the Shelter House. President Donald A. Ulrich presided with 76 in attendance.

The Lions also voted \$10.70 to the district hospitality booth for the state Lions' convention in June and took a \$1 membership in the Auxiliary to the County Home.

Chairman Davis A. Bloer announced April 21 and 22 as the tentative dates for the Lions' annual minstrel show, the club's chief means of replenishing its Charity fund annually.

To Hear Dr. White

The club voted to change a meeting date in February so that the Lions can meet with other service clubs on February 27 when Dr. Paul Dudley White, President Eisenhower's heart specialist, will speak at a public educational meeting at the high school, sponsored by the Adams County Heart Association.

Ralph Arendt reported \$1,133 received so far from the sale of fruit cakes with \$490 outstanding. Arthur M. Gordon, chairman of the Lions Education committee, spoke briefly. There was singing led by David Bloer with Harold Ecker at the piano and Duncan Sweet was introduced as a guest.

Colored slides of the trip to the Lions International convention in San Francisco last summer by the Rev. Charles E. Held of the Gettysburg club and the Rev. Norman L. Bortner of the York Springs club were shown by the Rev. Mr. Bortner, York Springs Lutheran pastor.

Md. State Officers Laud Fire Police

The Adams County Fire Police were told Monday night that the Maryland State Police appreciate the cooperation given by the volunteer policemen from the fire companies.

Maryland State Trooper William G. Morgan, stationed at Emmitsburg, made the comment in speaking to the Adams County Fire Police at a meeting of the county association at Emmitsburg.

He praised particularly the work of the Emmitsburg fire police and noted a number of instances of "splendid cooperation" on the part of the Emmitsburg men with the Maryland officers.

Charles W. Culp Jr., president of the county fire police, presided at the meeting. A shrimp feed followed the session for the 100 present.

The Gettysburg joint school board turned over to the Gettysburg School Authority Monday night responsibility for construction of the new Eisenhower Elementary School.

The action took place at meetings of the joint board and the Authority at Gettysburg High School. Each passed the necessary resolutions by which the Authority took over where the school board left off in plans for the new 20-classroom structure.

Reports showed the state Department of Public Instruction had given its official approval to plans and specifications for the new school on December 31, when they were reviewed at Harrisburg.

The school will be built on a ten-acre plot purchased from the Adams County commissioners opposite the county home.

\$800,000 Bond Issue

The Authority will sell approximately \$800,000 worth of bonds to pay for the new school which then will be "rented" by the Authority to the school system. The rentals will pay off the bonds over a period of years.

At its meeting following the joint board session, the Authority voted to invite bids for the bond issue rather than arrange for the sale by negotiating a bid.

Open Bids February 12

The authority will open bids February 12. Atty. John A. MacPhail, speaking for the Authority, said that a number of alternate bids will be asked so that the school can be built "at the lowest possible cost." He said the Authority had agreed that the work of placing piping for gas and water to the school from present mains will be done by the utilities involved "because we believe that will be cheaper than including the piping in the plumbing contract." The Manufacturers Light and Heat Co., he said, will place the gas pipe from the present mains to the "gas house" at the school at a cost of approximately \$950. The Gettysburg Authority will place a line from its mains to the new school at a cost of approximately \$400.

When the Authority has the bids for the construction, it can determine the amount of bonds that will have to be sold to cover the various costs. It was estimated Monday night that the Authority will have the money about March.

Sleet, Freezing Rain Make Bad Driving

Sleet that began Monday evening about 10:30 o'clock turned to freezing rain during the night making driving extremely hazardous and calling out state Highway Department cinder crews. There were many reports of minor accidents involving collisions with roadside banks or poles by skidding autos.

Rainfall during the night amounted to a half inch and by early afternoon the total had climbed to an inch. Temperatures rose during the day and much of the ice that had formed early in the morning disappeared.

Gettysburg

(Continued from Page 1)
will be about \$2,600. The Authority was told, including about \$1,600 for the cost of printing the prospectus which must be prepared and distributed prior to the bidding for the bonds.

Have Reserve Clause

The bonds according to the authority will provide for a debt service reserve which members of the authority said "has been one of the features that have made our bonds so desirable." Under the bond service reserve plan the "rental" charged is more than the amount needed to pay off the bonds annually, thus building up a reserve which guarantees payment of the bonds in the event of a depression or other situation which would prevent the schools from raising the full amount of the annual rental. The reserve also serves to reduce the ultimate cost of the school. Because of the reserve, the authority pointed out, the bonds can be obtained at a lower rate of interest—thus saving a large sum over the 35 years or so of the bond drive. In addition the reserve is invested and builds up funds to help defray the cost of the school. In addition the reserve permits buying back some of the bonds toward the end of the term to save interest charges.

A new feature, never before attempted in the sale of school authority bonds, will be tried in connection with the new school bond issue, according to a decision of the authority. In all previous offers of bonds, the investing houses in their bids provided for a discount which gave them their profit. That is, if par for the bonds was 100, the investment houses bid 97, or 98, or fractions in between for the bonds.

Change Bond Issue
Thus the authority, in offering \$800,000 worth of bonds actually received something like \$780,000. If a total of \$800,000 in cash was needed, bonds totaling \$816,000 or more had to be offered, in order to offset the discount. Attorney John A. MacPhail explained to the board.

In the new issue to be offered short term "B" coupons will be included which will cover the amount of the discount. Thus the authority will be paying the amount which constitutes the profit of the investment house in the form of interest instead of a discount.

Attorney MacPhail pointed out that the "B" coupon method would "provide the exact amount we need, and in addition the state Department of Instruction has informed us that by using the 'B' coupon system that amount will be charged as interest and as a result the schools can be reimbursed on the amount. If the sum is listed as a discount on the bonds there is no reimbursement obtainable for that amount from the state."

The authority also anticipates that the "B" coupon system will help lower the interest rate. Previously in bidding the amount of interest and the discount asked both had to be figured to determine which was the best bid. Under the "B" coupon system the only question in the bids will be the interest rate.

The authority board also reorganized by re-electing all officers: Arthur E. Hutchison, chairman; Charles Bender, vice chairman; Arthur R. Buehler, treasurer; Glenn Guise, secretary, and Ralph W. Guise, assistant secretary. Attorneys MacPhail and Richard A. Brown met with the authority.

PONTIAC DEALER

It's quite natural for the average car owner to be thoroughly confused about the value of his automobile. He scans the used car ads daily, but finds that the advertised prices for his car vary by \$300 to \$400. He drives from one dealer to another and discovers their used car lots jammed with cars for sale, many just like the car he owns, and everywhere he gets the same, sad story about used cars not selling, his car not being worth what he believes, in fact, a thousand and one stories that propose to break down his morale. Not so at H. & H. Machine Shop.

SCOUTS TAKE WEEKEND HIKE

Fifteen Explorer Scouts of Gettysburg post 73 and their advisor, Richard Kershner, spent the weekend at a hunting camp on the Wenksville Road. The scouts who made the trip were: Harvey Bollinger, Charles and Grover Beasley, Barton Olinger, Roger Craver, Frank Skidmore, James Meyers, Russell Kershner, Lawrence Hower, Gary Maitland, Gordon Richardson, and Robert Zhea. The boys who recently joined the troop: Donald Carver, Mervin Kershner, and Larry Seymour, also made the weekend trip.

Plans were discussed to raise funds to build a cabin next summer. Kershner told the scouts there are two sites available.

The six members of the post who earned their cooking merit badges while at the camp were: James Meyers, Russell Kershner, Harvey Bollinger, Charles and Grover Beasley and Barton Olinger.

Saturday afternoon the boys took an educational hike.

Local Man Writes Piece For Magazine

John L. Epler, 511 Steinwehr Ave., is the author of an article in the January Eastern States Cooperator. Under the heading "Young Trees and Ideas Typify Mountain Brook," Epler tells of the practices which are producing good fruit at Mountain Brook Orchard, located between St. Thomas and Edenville, Franklin County. It is owned by Dr. D. M. Edwards, a dentist in Chambersburg. The management of the orchard is centered around him, his son, Jerry, and orchard foreman Earl Hartman.

Epler outlines the fertilization and spraying practices. He also explains the current use of irrigation which is especially important on peaches. Mountain Brook is experimenting with the idea of coloring apples by laying them on straw for about seven days.

HOME FROM EUROPE

Pfc. Edwin Miller recently arrived home from overseas after spending the last two years in the U.S. Army. Miller entered the Army in February 1956 and received his basic training at Fort Carson, Colorado, before going overseas. He served in the 8th Division for a year and a half and was later transferred to the 2nd Armored Division while in Germany. He resides with his mother, Mrs. Naomi H. Miller, McKnightstown.

Fred Fissel, near town, "The Care and Culture of House Plants" was the topic of discussion. A party was held in connection with the meeting, at which time "secret pals" were revealed. The next meeting of the Homemakers will be held on Wednesday, Jan. 22, 7:30 p.m., at the home of Mrs. Walter Shriver, Taneytown, R. D. "Beginners' Sewing" will be the subject for discussion.

Names Gleeson To Philadelphia Bench

HARRISBURG (AP)—Gov. Leader today named Secretary of Revenue Gerald A. Gleeson, to a vacancy in the Philadelphia Common Pleas Court.

Gleeson said he will leave the revenue post before end of the month to assume the \$22,500 judicial post.

At the same time, the governor designated Ethan Allen Dozy, as a common pleas judge to fill a second vacancy in Philadelphia. Gleeson, 54, entered the governor's cabinet at start of the Leader administration in 1955.

SUNDAY PATRONS ARE ON DECREASE

HARRISBURG (AP)—A suburban skating rink operator cited two weeks ago for operating on Sunday said 235 persons paid admission to his rink last Sunday when he reopened.

Charles Rupp, whose rink is in nearby Lemoyne, said that figure compared with 667 persons at his place last Sunday he was open, Dec. 29, but he blamed the drop on cold weather which he said makes more outdoor skating possible.

Rupp was cited for breach of the peace by Newton C. Landis, outgoing burgess, on Dec. 29. He did not attempt to open the following Sunday because of Landis' threat to prosecute him under the state's old Blue Law statute if he did so. However, a new burgess, Herbert Poole, took office Jan. 5 and has said he does not believe the Blue Laws enforceable.

Tourists in Arizona spend more than \$200 million dollars annually.

FARMER'S BODY FOUND IN AUTO

The body of Richard Isaiah Reifsnider, 33, a farmer of near Taneytown, was found in his car Saturday at 2:30 p.m. about a quarter-mile from his home by a brother, Glenn.

Dr. James T. Marsh, Carroll County medical examiner, issued a statement of suicide by carbon monoxide poisoning as the cause of death. Reifsnider was reported to have been despondent for some time. He was last seen alive Friday about 7:30 p.m. Sgt. Frank C. Badger and Trooper G. C. Wachter of the Maryland State Police investigated.

A son of Alice Rinehart Reifsnider, Taneytown, and the late Isaiah Reifsnider, he was born in Carroll County. He was a member of the United Church of Christ, Taneytown. Besides his mother and his brother, Glenn, of Keymar, he is survived by his widow, Mrs. Betty Adkins Reifsnider, and a son, Dennis, at home; his paternal grandfather, I. Lewis Reifsnider, Taneytown; another brother, Roger, Keymar, and two sisters, Mrs. Alice Crabbs, New Windsor, and Mrs. Doris Grimes, Woodsboro.

The funeral was held today at 1:30 p.m. at the Union Bridge funeral home of D. D. Hartzler and Sons in charge of the Rev. Paul Freeman and the Rev. Morgan Andreas, his pastor. Burial was in the Reformed Cemetery, Taneytown.

Civilians Liable To Court-Martial

WASHINGTON (AP)—U.S. Dist. Judge Alexander Holtzoff ruled today that civilian employees attached to the U.S. armed forces abroad may legally be tried by court-martial.

His decision upheld the constitutionality of a provision of the Uniform Code of Military Justice giving military courts jurisdiction to try such civilians.

Holtzoff noted that the precise question has never been passed upon by the Supreme Court. He said, however, that other federal courts have uniformly held that civilian employees serving with the armed forces outside of the territorial jurisdiction of the United States may be subjected to court-martial.

Holtzoff handed down his ruling in the case of Dominic Guagliardo, 25, of Tampa, Fla., who was convicted by a court-martial in Morocco on grand larceny charges and sentenced to a three-year term.

Asks Boosts In National Debt To 280 Billion

WASHINGTON (AP)—The Eisenhower administration today asked Congress to boost the 275-billion-dollar limit on the national debt to 280 billion dollars.

Secretary of the Treasury Robert Anderson asked for the five-billion-dollar boost in letters to Democratic and Republican leaders of the House Ways and Means and Senate Finance committees. Those are the committees which would handle such legislation.

Anderson submitted a draft of suggested legislation that would make the increase effective on a temporary basis from the date of enactment through June 30, 1959.

Hinted At Increase

The national debt, subject to the ceiling limitation, stood at \$274,250,766,593.28 on Jan. 9, or just less than three-quarters of a billion dollars under the limit.

There had been an indication in President Eisenhower's budget message yesterday that the administration would ask for an increase in the ceiling.

Eisenhower's message said that the present limit of 275 billion dollars is too restrictive in view of rising defense expenditures and of the need for more flexibility to permit efficient and economical debt management.

He said that of 1,800 million rupees foreign investment in India from 1948 to 1954, "approximately 600 to 700 million rupees was a reinvestment of sums already in India."

While many "hold that India is becoming socialist, the government is providing large sums to help promote independent businesses," the speaker held.

No Quorum Present: Only an informal Council meeting was held last Tuesday night by reason of there being no quorum, only four members being in attendance.
It was decided to pay the monthly bills and postpone the meeting until Tuesday evening. However, there was an interesting discussion on the light question, which is a common occurrence, as there is seldom a session in which the light business does not figure.

Manager Turner, with Mr. Cunningham of the Light Company, was present. Mr. Turner protested vigorously against the report by the policemen as to outages during the last month. There were 14 reported. Mr. Turner stated however that he could prove that not more than six were out.

Wedding Bells: Miss Amy M. Stock, oldest daughter of Mr. and Mrs. Jacob Stock, N. Washington street, and David J. Riley, son of Mr. and Mrs. John Riley of Cumberland township, who holds a position in Altoona, were united in marriage in St. Francis Xavier church at 6:30 o'clock Monday morning by the Rev. Father Hayes.

The bride and groom are both popular, and we join with their many friends in wishing them a happy and prosperous wedded career. They left on the 8:35 W.M. train for a wedding trip.

Fire Company Officers: At a regular meeting of Gettysburg Fire Company held last Wednesday evening the following officers were elected:

President, J. Harry Holzworth; vice president, Maurice A. Miller; secretary, James B. Aumen; financial secretary, S. Edward Swope; treasurer, John L. Hill Jr.; chief, E. P. Wisolozky; 1st asst., Thomas J. Hardy, 2nd asst., J. Clifford Wierman; trustees, Tyson Tipton, John D. Keith and E. G. Weaver.

Robert D. Armor: Robert Davidson Armor died at the home of his son, Wm. D. Armor, East Middle Street, at 1 o'clock Friday afternoon from infirmities due to advanced age, aged 83 years, 9 months and 16 days.

Mr. Armor was one of Gettysburg's oldest and most highly esteemed citizens. He was universally respected, being known by almost every resident of town. His gentle disposition and kind manners won him the friendship of all with whom he came in contact. He was a silver plater by trade, but for years was engaged in the plumbing business and carried on the same successfully, taking his son, Wm. D., in as a partner years ago.

Mr. Armor was one of the oldest Odd Fellows in Pennsylvania. He was beyond doubt the oldest Past Grand in the State if not in the United States, having passed through the chairs more than 60 years ago.
He was the last charter member of Gettys Lodge, and to him the local lodge owes a debt it can never repay. He was often termed "the father" of Gettys lodge, to

Today's Talk

HANG ON!

One of the thrills of my youth, and I dare say of many youths, especially if lived in a small town, was the county fair. And the outstanding event was the balloon ascension with the man dropping from the balloon in a parachute. The balloon is inflated. There are ropes spread around the ground, and the man who is to make the jump from the air cries for everyone to stand still till the balloon is off the turf. One old fellow disregarded this warning and was caught by the seat of his pants and carried up with the balloonist. There was excitement, but the performer called for the man to hang on. He did. He had to! And so, soon he was delivered back to good Mother Earth.

How many times in life we are caught off guard and are put to our wit's end for what may be our survival! Then is the time when we must hang on! I have noted that most people who contemplated suicide but failed in their decision are nearly always glad they failed. Hanging on the glory of earth, and to the love of our friends and kin, usually defeats all thoughts of suicide, and happily so. We were born to fight, to overcome obstacles and to hang on to life courageously and without fear. Out great joy and interest in life is when we are hanging on and fulfilling our appointed mission here and now.

The happy life is primarily one of good and lasting decisions. When temporarily defeated, hang on and make another try! Several, if necessary. At all odds it is essential that we keep a grip upon ourselves and — hang on!

Tomorrow Mr. Adams will talk on the subject: "A Dedicated Life"

Just Folks

WHEREIN WE RIVAL HOMER

There are days when toll is irksome.

When I'd rather sit and shirk some.

Sit and let the hours go whizzing On their way;

Days when fortune might come wooing

And I'd answer: "Nothing doing!" Come to think of it, I feel that Way today.

Looking back o'er history's pages, I discover those old sages To their labors, on occasions, oft Were prodded;

And I learn that good old Homer, Quite considerable "pomper,"

When he had to fill his column Often nodd.

And as I sit here this morning, Most indolently yawning

And detesting everything that hints

Of plodding, Comes this cheering thought and sequel,

That I'm easy Homer's equal— If I haven't got it on him—

When I'm nodding.

Hard On Wires and Poles: Charles K. Hartzell, local manager of the United Telephone Co. and Mr. Cunningham of the Bell Co. had their troubles last week. The rain and sleet of Tuesday froze on wires and caused many of them as well as a number of poles to break.

All of the United lines out of town were disabled and five of the Bell's county lines were out of service.

The large tree in front of the residence of Charles H. Wilson on East Middle St. was borne down by its weight of snow and ice and fell across the street. A large telephone pole in the alley back of York street, near Stratton street, also fell.

Broken Main Brings Town To Standstill

EPHRATA, Pa. (P) — A broken water main which caused a failure of an electrical plant brought this Lancaster County community to a virtual standstill for three hours yesterday.

The main, which feeds the power plant boilers, broke at 7 a.m. and service wasn't restored until 10 a.m.

An estimated 2,500 employees in manufacturing plants were idled and 1,700 school children won an unscheduled half holiday.

AUTO LEADERS GREET REUTHER PROPOSAL WITH SHARP WORDS

DETROIT (P)—Leaders of the auto industry's Big Three—Ford, Chrysler and General Motors—have greeted Walter Reuther's profit-sharing plan with sharp words that amount to rejection.

A Ford spokesman called the plan unrealistic. General Motors President Harlow H. Curtice said it was "foreign to the concept of the American free enterprise system." L. L. Colbert, president of Chrysler, said it was inflationary.

For a different reason, the United Auto Workers chief also appears headed for opposition from within his own union.

UAW Meets Jan. 22

The reason, says Carl Stellato, a UAW "minority" leader, is that Reuther turned his back on demanding a shorter work week in favor of trying for a profit-sharing plan in this summer's bargaining.

The UAW will convene Jan. 22 to give formal approval of the union's goals in 1958 bargaining sessions.

Stellato, one of the chief opponents of Reuther in the 11-million-member union, eyed the recent heavy layoffs in the auto industry and said: "Reuther's plan is going to give him more four-day work weeks than he wants—but they'll be the wrong kind."

The Reuther Plan

Reuther's plan would give employees 25 per cent of a company's profits above 10 per cent of net capital before taxes. Another 25 per cent would go to car buyers in the form of rebates. The rest—50 per cent—would be kept by the company.

Reuther said wage increases—he named no figure—also will be sought at bargaining sessions scheduled to start about April 1. Assembly plant workers now average about \$2.50 an hour.

Ernest R. Breech, Ford board chairman, said the union's proposal would be given "weighty consideration" but he said the plan was "unrealistic."

"Kill Profits" Plan
He termed it a "complicated kill-the-profits plan" which he said "strikes at the very roots of the economic system that has made and kept America strong."

Curtice said, "It is unfortunate that these extravagant demands should come at a time when public confidence needs to be reaffirmed as a basis for an upturn in the economy."

Reuther, when asked about dropping the four-day week issue, said: "You will notice I have not been beating the drums (for the shorter work week) since the first Sputnik went up."

The UAW leader said his plan will provide increased purchasing power, and said it was offered as a factor in halting the "growing imbalance between purchasing power and production."

Couldn't Be Taxed

In Washington, government experts said any big spread through industry of plans to share profits with workers would cut deeply into federal tax revenue and probably require sharp changes in taxing policy.

They said profits thus distributed to workers would not be taxed, as they are now, at the 52 per cent corporate rate but at the much lower individual income rate—around 15 per cent or less in auto worker income brackets, allowing for deductions.

If the plan were adopted in the auto industry and spread widely among other industries, the result could lead to reducing federal revenues by billions of dollars. Corporate income taxes now yield about 20 billion dollars a year.

In turn, the government would have either to reduce spending or to boost tax rates somewhere along the line.

Churchmen Work Behind "Curtain"

BUCK HILL FALLS, Pa. (P) — Methodist Church officials yesterday disclosed the first authoritative information on fellow churchmen behind the Iron Curtain in almost 10 years.

At a meeting of the Board of Missions of the Methodist Church here, it was reported that church members are continuing to work and in some cases are making progress in Communist dominated countries.

The church also said it received and paid out more money for mission work in 1957 than in any previous year. The total income was listed at \$25,779,279 and the expenditures for mission work \$13,100,149.

Hotel Employees Quit In Protest

CAMDEN, N.J. (P)—Union employees of the Walt Whitman Hotel walked out yesterday in protest against the firing of a cook who had been at the hotel for 16 years.

An official of Local 170, Bartenders, Hotel and Culinary Workers, said the 88 employees struck in objection to management's failure to arbitrate the firing of the cook, who was not identified.

The manager of the hotel, Jack Nagel, said the employee argued with the head chef on Saturday and announced he was quitting.

Nagel said he planned to pay the cook off but that he then decided against resigning.

The striking workers include elevator operators, clerks, waitresses and porters.

Fractures Leg In Crash Of Airplane

EASTON, Pa. (P) — An Easton R. 1 man suffered a broken leg and three others sustained cuts and bruises in a plane crash yesterday at the Easton Airport.

Luther Weidlich, 57, who sustained the fractured leg, was a passenger in a plane piloted by Walter Brader, 30, of Pennsylvania. Brader and two other passengers, Fred Williams, 33, of Easton R. 1, and Gordon Beidler, 30, of Baltimore, received minor cuts and bruises.

All were treated at Easton Hospital.

Airport officials said the two-engine Piper plane overshot the landing strip and plunked into a creek. The aircraft, owned by Berman Sales Co. of Allentown, was badly damaged.

Trucker Sets New Bowling Record

LANCASTER, Pa. (P) — Jake Graybill, a 30-year-old Lancaster truck driver, yesterday established a new national consecutive bowling game record of 501 straight games.

Graybill's 65-hour marathon at the Garden Spot Bowling Lanes erased a 460 game mark set by the Rev. Wayne Vernon Jensen at Portland, Ore., Jan. 6.

Graybill started bowling midnight Friday and finished at 5 p.m. yesterday. He averaged 111 for the 501 games. His best was 205, the lowest 47, bowling lefthanded.

Graybill was promised nothing but free bowling if he broke the record. If he didn't he was supposed to have paid 25 cents a game.

MANSFIELD AND WRESTLER ARE WED IN CALIF.

PORTUGUESE BEND, Calif. (P)—Jayne Mansfield, who yearned for a quiet wedding, was married last night to Mickey Hargitay with all the hoopla of a Fourth of July picnic.

Some 1,500 fans, mostly teenagers but some adults carrying babies in arms, screamed and shouted outside the Wayfarers Chapel during the most tender moments of the nondenominational rites.

Someone even bounced a rock off the top of the all-glass church while photographers, who nearly outnumbered guests, kept banging their cameras against the glass walls.

100 Teen-agers There
Just as Jayne and Mickey were whispering their "I do's," more than 100 teen-agers stormed up a steep hill shouting like a Marine landing party but a cordon of police pushed them back.

Jayne, looking sexy yet demure, said she never heard the yelling. "All I heard was Mickey saying 'I do,'" she giggled.

Bob Hope, who witnessed the wedding certificate, and actress Marie Windsor were the only Hollywood names who traveled the 30 miles to this remote and lonely site by the Pacific Ocean.

20 Minutes For Pictures
"I feel wonderful," said the husky Hungarian-born bridegroom, "although I was sitting on needles most of the time."

The wedding was scheduled for 8 p.m. but it was 8:45 before the voluptuous bride started down the aisle. She had spent a good 20 minutes posing for photographers on her arrival—even before changing into the 12 yards of pink Brussels lace that was her wedding gown.

After the rites, Jayne and Mickey returned to the church and posed at the altar for the regiment of photographers.

Dress "Painted On"
"I love you, I love you," the two cooed to each other as flash bulbs popped like fireworks.

Jayne's dress was so form fitting it looked as if it was painted on her. One photographer asked her to ascend to the top step of the altar but she had to decline.

"If I took that step, the dress would split wide open," she apologized.

The 29-year-old bridegroom and his 24-year-old bride took off for International Airport to board a plane for Dallas, Tex.

Soviets Say Ike Has "War" Budget

LONDON (P)—The Soviet government today said President Eisenhower had submitted a "war budget" to Congress.

"Never before in peacetime has the United States allocated such big funds for military purposes," the government newspaper Izvestia said in an article broadcast by Moscow radio. The budget "can be summed up in two words: 'war budget,'" Izvestia declared.

Safety Record Of Reading RR Cited

PHILADELPHIA (P)—The Reading Railroad carried more than 117,500,000 passengers a total of 2,185,000 miles in the past eight years without a fatal accident, the company said Monday.

The mileage is equal to approximately 87,000 trips around the world. The number of passengers is nearly three-fourths the population of the United States.

"We are proud of the continuing fine passenger safety record, and the improved record in employee safety," said President Joseph A. Fisher. "It reflects great credit on the company and its personnel."

CABBIE MAY NOT GET \$5,000 TIP

SAN FRANCISCO, Calif. (P)—A cab driver may not collect the \$5,000 tip offered by retired Navy Capt. Jesse L. Kenworthy, 66, of Parkersburg, Pa.

Mrs. Lorna Kenworthy of Encinita, Calif., filed a Superior Court petition yesterday asking Judge Milton Sapiro to declare her husband mentally incompetent. A hearing was scheduled for Monday.

Mrs. Kenworthy, who had not seen her husband for 10 years, said in the petition that he was recently classified as a manic-depressive by a Pennsylvania mental clinic.

Cab driver Bruno Del Carlo, 31, also was told by Lt. George Page of the police check detail that Kenworthy's Parkersburg bank account apparently contains less than \$2,600.

GHS Seeks To Halt Slide Against Wildcat 5 Here Tonight; Preim At 6:45

A fine opportunity to crash into the South Penn League win column will be offered the Gettysburg High School Warriors tonight when they meet Mechanicsburg on the local floor in a double-header, the junior varsity game starting at 6:45.

Tom Yost's Wildcats bowed to Waynesboro 59-37 and Carlisle 58-46 before springing a surprise to win over Hanover 50-42 last Friday. The triumph over Hanover may prove a big lift to the Cats and make them double trouble.

Mechanicsburg has three stellar performers in Don Heiges, 6-0 senior, who averaged 16.1 points per last year; Ed Rife, who saw only limited action last season, and Dave Fisher a 5-11 backcourt standout. Yost is carrying an 11-man squad, tallest of whom is Tom Blosser 6-2.

Show Better Offense
Gettysburg has dropped four straight league encounters and five in a row overall after copping its first two engagements. Lack of a balanced attack has proved disastrous with only Earl Little showing well. However, Kenny Keefe and Hardy Nichols have shown signs of better point production. At Carlisle Friday night Keefe landed 12 points and Nichols 10. If they can continue in that vein, plus a little more punch from the other regulars, the Warriors could prove a difficult team to handle.

Three other league games are scheduled for tonight. Unbeaten Carlisle invades Chambersburg; league-leading Waynesboro plays at Shippensburg, and Middletown is at Hershey.

Hanover and Delone Catholic tangle in a neighborhood fracas at McSherrystown.

County League Games

All six teams of the Adams County League are scheduled for contests. League-leading Berks-Juniata Joint travels to New Oxford in a battle for first place. Berks-Juniata is 3-0 and New Oxford 1-0. Biglerville goes to Littlestown, while Fairfield is at Big Spring.

A pair of Junior High games are scheduled, Bolling Springs at Biglerville, and Berks-Juniata at New Oxford. The Delone girls journey to Bolling Springs.

CHOOSE SPORTS ODDITY OF YEAR

THE ASSOCIATED PRESS

On June 19, 1957 a Seattle promoter revealed that Floyd Patterson and Pete Rademacher had been matched for a title bout.

Today, the pairing of the heavy-weight boxing champion of the world and an Olympic titleholder who never had fought as a professional was tabbed as the sports oddity of the year in the annual Associated Press year-end poll of sportswriters and broadcasters.

Many of the experts who had labeled the match a farce had to eat their words. Rademacher put up a surprisingly stiff fight, flooring Patterson before the champ rallied to win on a sixth round knockout.

Still, it went into the books as a unique get-together. For never in boxing history had an Olympic champion fought for a world crown in his first pro outing.

The Patterson-Rademacher book received 26 first place votes from among the 122 participating in the poll.

IKE'S REPLY TO BULGANIN LISTS TWO CONDITIONS FOR TOP TALKS

WASHINGTON (AP) — President Eisenhower held open the door to an East-West summit conference today with word to Soviet Premier Nikolai Bulganin that "I am ready to meet" on two conditions.

Eisenhower's reply to Bulganin also urged Soviet agreement to a far-ranging peace program that would end nuclear weapons manufacture and testing, curtail use of the United Nations veto and production of space age missiles, and dedicate outer space "to the peaceful uses of mankind."

Any top-level meeting, the President told the Premier, must be preceded by an airing of issues in negotiations among diplomats and foreign ministers. Furthermore, he said, these negotiations must show "good hope of advancing the cause of peace and justice in the world" by agreements at the summit. He thus rejected Bulganin's call last week for a meeting in three months.

Rejected 8 Proposals
Eisenhower's 4,000-word personal letter replied to one Bulganin sent him Dec. 10, but also clearly covered the essence of a second Bulganin note last week.

Eisenhower rejected or discounted about eight proposals Bulganin had put forward, including those for an East-West nonaggression pact and a German-Polish-Czech zone free of nuclear weapons.

He accused Russia of a great error in failing to reunify Germany as agreed at the Geneva summit conference in 1955. He blamed the cold war on the "expansionist policy" of Soviet communism. He pledged the United

Budget Will Cost \$427.86 Per Person

WASHINGTON (AP) — President Eisenhower's spending budget for fiscal 1959 comes to \$427.86 for each American man, woman and child.

Missiles alone — research, development, production, missile ships and construction for the program — will cost \$30.67 per American.

The national debt figure, estimated as of July 1 at \$271,200,000, amounts to \$1,469.44 for every person.

The figures are based on the official Jan. 1 population estimate of 172,800,000.

States would never engage in aggression and pointedly expressed hope that "the Soviet Union will feel a similar aversion to any kind of aggression."

Other Proposals
Eisenhower's proposals covered these basic points:
Outer space — Eisenhower declared, "can we not stop the production of such weapons which would use, or more accurately misuse, outer space? . . . should not outer space be dedicated to the peaceful uses of mankind and denied to the purposes of war?"

Nuclear weapons — The United States and Russia should work to end their "now unrestrained production" and to adapt weapons material to peaceful purposes.

Testing — The United States would be prepared to "stop the testing of nuclear weapons, not just for two or three years (as Russia proposed), but indefinitely."

Should Renounce Veto
United Nations — Russia and the United States should renounce use of the veto in the U.N. Security Council in cases involving peaceful settlement of disputes.

Germany — Eisenhower urged "we now proceed vigorously to bring the reunification of Germany by free elections."

Finding opportunity for negotiations which would make a summit conference profitable in accord

SAYS WESTERNS MUCH CHANGED IN 3 DECADES

NEW YORK (AP) — Ward Bond, who cracks the whip as the wagon-master of that most adult Western, "Wagon Train" (NBC-TV, Wednesdays isn't sure he knows exactly what adult means.

"As a matter of fact, I rather resent that phrase 'adult Western,'" said the husky veteran of more than 100 Westerns on a visit to New York.

There have been plenty of changes in Westerns since Bond started riding the movie ranges back in 1929. The Indians have pretty much disappeared from this television and movie entertainment form. The cowboys aren't quite so populous either.

"Both in television and the movies," said Bond, "they've taken stories about people and laid them in a Western background. The cavalry no longer charges in the last reel, if that's what they mean by adult."

"We try to tell stories about people instead of things. What nearly everybody forgets is that most of the credit for this goes to a fellow named John Ford who made a picture called 'Stagecoach' 20 years ago. And what was 'Stagecoach'? I'll tell you. It was simply a de Maupassant story set in a stage coach."

"Wagon Train," which tells a complete story each week about a group of pioneers going west to California in 1838, has an audience rating which indicates it will keep on rolling for many TV seasons to come. Is there any plan to bring its story line safely through to California—the state where the series is filmed?

"We have no plans for getting there at the moment," Bond said. "We're in no rush. If we have to get there at some time we'll just go back and start another wagon train west."

Bond entered television reluctantly. "I was perfectly happy making a couple of pictures a year and having plenty of time to go fishing and duck hunting," he said. "I stayed out of television for a long time either because I didn't want to work that hard or because the propositions made me weren't satisfactory."

With Eisenhower's conditions for a meeting could prove impossible. The evident difficulties will at least require long and arduous talks if any progress is to be made.

United States Foe Is Elected Mayor

NAHA, Okinawa (AP) — An ardent foe of the United States was elected mayor of Naha, capital of the American Far Eastern base island of Okinawa.

Leftist independent Saichi Kaneshi defeated Tatsuo Taira, a moderate Socialist who had promised to cooperate with the United States. The result was a stinging repudiation of U. S. policy on the former Japanese island the Americans have occupied since World War II.

Nearly complete official returns gave Kaneshi, a book dealer 34,968 votes to 33,986 for Taira. The capital's former mayor, pro-Communist Kamejiro Senaga, was ousted Nov. 25 which made his removal possible.

BRITAIN HAILS IKE'S MESSAGE TO RED CHIEF

LONDON (AP) — Britain officially hailed Monday President Eisenhower's message to Nikolai Bulganin and declared the Soviet Premier's acceptance of its proposals would be an important step toward world peace.

Government officials said Britain very likely would join the United States and Russia in any "gentleman's agreement" not to use their veto powers in the United Nations Security Council.

In his message, Eisenhower proposed an American-Soviet renunciation of U. N. veto rights in all matters affecting the peaceful settlement of disputes.

Prime Minister Macmillan's reply to two recent letters from Bulganin is being prepared for delivery to the Kremlin in the next two or three days. Like President Eisenhower's message, it has been cleared through the Atlantic Alliance in Paris.

Door Left Open
Like Eisenhower, Macmillan intends leaving the door open for an ultimate summit conference, but only after the ground has been thoroughly prepared. The British leader is in Pakistan on a tour of Eastern countries of the British Commonwealth. Amended terms of the draft reply have been cabled to him for approval.

President Eisenhower's proposal for a renunciation of the veto is likely to be discussed later this week by U. N. Secretary General Dag Hammarskjöld, who is due in London for a conference with British Foreign Secretary Selwyn

TRUMAN SAYS U. S. HAS LOST FRIENDS ABROAD

NEW YORK (AP) — Former President Harry S. Truman said Monday he considers loss of the friendship of our European and South American friends the most serious foreign policy error of the Eisenhower administration.

He made the comment in response to a reporter's question. Asked the reason for his opinion, Truman replied: "They weren't well treated."

Hammarskjöld also is expected to discuss means by which he might use his authority to find a way out of the impasse that has arisen in the East-West disarmament negotiations inside the United Nations.

Britain, like the United States, takes the view that the work of the U. N. Security Council to a big extent has been frustrated by Russia's excessive use of the veto.

He did not discuss the matter further.

Truman praised President Eisenhower's new letter to Soviet Premier Bulganin as a good document, an objective document, that contains a plan for action.

Breakfast With Farley
"I don't trust the Russians. I never have. I don't think the Russians will go through with it (Eisenhower's suggestions for preparation of a summit meeting) but I think we ought to continue talking with them," he said. "Sooner or later the Russians might conclude that it's to their best interests to carry out their agreements."

Truman made the comments as he walked across town for a breakfast chat with James A. Farley, former Democratic national chairman. Afterward, he made the mile and a quarter trip back by taxi.

Truman also talked to reporters about rising unemployment in the country.

Fears "Trouble"
"I'm sorry to hear there is no financial policy in the government which is designed to help," he said. "Increased interest rates are working for the people who already have money. That's what

brought this (unemployment) about. It's going to cause some trouble. I hope I'm wrong," he said.

What he has read, Truman said, "has indicated the situation will get worse before it gets better."

To reverse the unemployment trend, he suggested the economy be placed on an expanding basis through an accelerated public works program and increased foreign aid and trade.

In a news interview on Sunday, Truman called Eisenhower "a fine, honorable gentleman" who "was a great military commander in Europe and in NATO, when he had someone to tell him what to do."

Truman Boast
"Who told him what to do?" Truman was asked by a newsman.

"The commander in chief," Truman replied, "You were commander in chief?"

"Yes," Truman replied, saying, however, that that was not the point he wished to stress.

"I do not think President Eisenhower is a good policy maker, and

he doesn't carry out the policies he does make," the former President told reporters gathered in the lobby of a Manhattan hotel.

Sunday night he continued his comments on decision making in a speech at a dinner given by the World Academy for Higher Jewish Studies in Jerusalem.

Truman received the academy's "Light of the World" award.

James MARLOW Reports

The Associated Press

WASHINGTON (AP)—Russian Premier Bulganin is getting to be a regular pen-pal of President Eisenhower. The President has been a little tardy in his correspondence. Over the weekend he made up for it. The result: still a standoff.

Bulganin wants a meeting of himself, Eisenhower and other heads of state. Eisenhower says he's willing but—It's a big but. The two men disagree on how to go about having the summit meeting.

The Russian proposed this big get-together in a letter to Eisenhower Dec. 10 and another Jan. 9. The purpose: to try to settle the world's ills by disarmament and the stopping of nuclear tests, among other things.

Bulganin wants the talking to start at the top. The Russians have brushed aside the idea of preliminary talks in the United Nations. They've done the same to the suggestion that the foreign ministers meet first to arrange details.

And in all his talk—or letter-writing—about disarmament, Bulganin says nothing about a fool-proof inspection inside Russia and this country to prevent cheating by either side.

Yesterday Eisenhower answered Bulganin's Dec. 10 letter. It took him weeks to compose the reply but it had the effect also of answering the letter of Jan. 9.

Eisenhower said he's willing to meet with the Russians, but before there is such a gathering he wants the details of the discussion subjects worked out by experts on the various problems and by the foreign ministers.

Both letters—besides discussing the problems between the two countries—are meant as propaganda too. The people of not only the United States and Russia but of the rest of the world will be looking in on the correspondence.

Bulganin's Dec. 10 letter—very shrewd and well written—had a broad appeal because so many people, particularly in Europe, are anxious for some peaceful solution before there is war.

500,000 IN STATE RECEIVE BENEFITS

HARRISBURG (AP)—More than a half million Pennsylvanians are now receiving state relief or job, less benefits, officials of two state agencies reported Monday.

Though both agencies declined to be pinned down on future totals, indications were the number will climb through the rest of this month.

"The seasonal increase in relief rolls has started earlier than last year and is more pronounced," said Robert P. Wray, deputy secretary of public assistance.

At the same time the Bureau of Employment Security reported its unemployment compensation rolls stand at the highest level since February 1938, a depression year.

Through the last half of December the number of public assistance recipients totaled 265,217 persons—the highest level since the summer of 1955. However, the total is far behind the post World War II high of 495,000 in March, 1950, just before the Korean War.

Unemployment compensation recipients totaled 273,470 during the first week of this month—a boost of 61,800 over the previous week and 114,200 more than during the same week in January, 1957.

HIGH TAXES AND DEFICITS ARE HAUNTING HILL

WASHINGTON (AP)—The spectre of deficit spending and continued high taxes haunted Capitol Hill today in the wake of President Eisenhower's peacetime record \$73,900,000,000 federal budget proposal.

Congressional reaction, both public and private, was that the fiscal picture painted by the President in his annual budget message yesterday was anything but bright. But Congress had not expected a rosy report in the light of current defense needs.

There was little doubt that Congress would approve all or most of the \$73,900,000,000 outlay for the Defense Department. More argument was expected over non-defense spending proposals.

Called "Conservative" Even as it put the finishing touches on an emergency \$1,260,000,000 defense fund, a House Defense Appropriations subcommittee called hearings for Jan. 27 on the military budget for the year starting July 1.

Subcommittee Chairman Mahon (D-Tex.) called the new military budget "conservative insofar as ballistic missiles and other weapons of the future are concerned." It might even have to be increased, Mahon added.

Sen. Lyndon B. Johnson (D-Tex.) chairman of the Senate's Preparedness subcommittee, promised a careful look to "determine whether it is adequate to strengthen the nation's security."

No Limit On Security The general attitude among the legislators appeared to be that so far as security is concerned, the sky is the limit.

As Chairman Cannon (D-Mo.) of the full House Appropriations Committee put it: "All of the increase for national defense is fully justified and will have the support of Congress."

There was some skepticism over Eisenhower's estimate that despite heavier defense spending, the budget would be in balance when the year ends and the Treasury would show a surplus of half a billion dollars.

Hope Of Surplus Gone Some members noted that the administration had expected a

SOME OLD FILMS HARD TO BEAT FOR SUSPENSE

By CHARLES MERCER

NEW YORK (AP)—For fruitful reflection in the field of entertainment it's hard to beat some of the old movies that are being shown every night of the week on TV stations throughout the country.

Some that seemed great when you first saw them 15 and 20 years ago are duds when viewed again today. Others still seem fresh.

The one film maker whose works never disappoint me on rerun is Alfred Hitchcock, the old master of suspense. Considering that television these days seems to be devoting almost half its dramatic efforts to stories of suspense, it's interesting that no one has yet eclipsed Hitchcock in this basically artful form.

None Better Than Hitchcock

Incidentally, we're discussing Hitchcock the movie producer here rather than Hitchcock the TV producer. While his CBS-TV Sunday evening drama program maintains a high level of entertainment, a half hour is usually too short a time span for his special talents.

These reflections are prompted by viewing "Suspicion"—not the NBC-TV Monday evening program, but the movie starring Cary Grant and Joan Fontaine which Hitchcock made in 1941 and in which Miss Fontaine won an Oscar.

Anyone trying to write TV suspense dramas could not go to a better school than the file of Hitchcock's old films. When he studied "Suspicion" he'd be struck by its basic simplicity of plot, its downright frugality of setting.

Master At Suspense

What television doesn't do—or hasn't in the efforts at suspense which I've seen recently—is to bother to build interesting characters whose fates concern you and so place you in a state of suspense over their outcome. This simply can't be done with shrieks in the night, shadowy figures in dark alleys, ticking clocks and all the trite paraphernalia currently so common.

Miss Fontaine created genuine suspense simply by loving Grant and caring so much what happened to him; as a result you loved her and cared what happened to her. Grant created genuine suspense by displaying ambivalence toward good and evil; as a result you suspected him of evil when he was being good and hoped that he would turn out well when seemingly bad.

Suspense a state of anxiety. It can be artificially induced in several ways. But no one has yet induced it in me as consistently and charmingly as Alfred Hitchcock does.

Loses Umbrella But Saves Dollar Bill

LOUISVILLE, Ky. (AP)—A would-be purse snatcher tried for Miss Betty Singleton's and got clouted on the head. "So many times I tore up the umbrella," she said. The man ran, without the purse. Miss Singleton saved her purse, and the one dollar it contained. The umbrella was a total loss.

budget surplus this year only to see it fade into a small deficit in the face of declining tax collections and higher spending.

Chairman Byrd (D-Va.) of the Senate Finance Committee called the new budget "reckless" and "likely to lead to substantial deficit spending with all of its evil consequences."

Little was said about the President's request for an unspecified increase in the legal limit of the national debt, but in the main the legislators were resigned to approving the request as quickly as possible rather than delay it until just before this year's congressional elections.

RUSSELL SAYS NO AGENCY FOR MISSILES NEEDED

WASHINGTON (AP)—Sen. Russell (D-Ga.) said today a "two-listed secretary of defense" can straighten out the nation's missile program without creating any new agencies.

Russell, who heads the Senate Armed Services Committee, took issue with colleagues who have advocated reducing the power of the Joint Chiefs of Staff and placing the missile-satellite programs under a single head.

"All you need to get action now is a two-fisted secretary of defense who's not afraid to assume responsibility and has the President's support," Russell said.

New Storm

He added in an interview he is "favorably impressed" so far by the speed with which Secretary of Defense McElroy has made decisions but isn't passing final judgment until more changes are made.

A new political storm clouded congressional consideration of how to put the United States in the lead in the race for rocket weapons and manned satellites. Sen. Knowland of California,

Senate Republican leader, and Rep. Martin of Massachusetts, House GOP leader, stirred up the storm by blaming former President Truman for any lag behind Russia in the development of missiles.

Answer Truman

They spoke out in reply to Truman's statement in New York that he does not think Eisenhower is "a good policy maker nor is he a good budget maker."

In an unusual "public memorandum" addressed to Truman, the two Republicans said the nation had "rested on our oars during the last years of your administration while the Russians went to work."

"If today we are behind the Soviet Union in some respects in the race to perfect the weapons of the future—guided and ballistic missiles—a considerable part of the blame lies on the doorstep of your administration," they said.

Lost Ground After War

In New York, Truman first commented that the Republicans "always have to have somebody to pass the buck to." Later he added, "The facts are not as stated."

Knowland and Martin said when World War II ended, this country was the mightiest military nation in the history of the world.

"Yet five years later due to your policy of drastically cutting down the armed services, we were not ready for the Korean War,"

"We're Ready Now"

"Today, in contrast with 1950, we are ready . . . Our Strategic Air Command and the Navy's air power can deliver their devastating pay load to any point of the globe."

Sen. Kefauver of Tennessee, 1956 Democratic vice presidential nominee, fired back that "no amount of political statements or speeches will hide the facts."

"The facts are that the budget has been cut and cut during the Eisenhower administration, and research has been frustrated," Kefauver said.

"The first thing the Eisenhower administration did after taking office was cut the Truman budget on research. For five years the CIA and others have warned the present administration of rapid development of missiles—but the warnings have gone unheeded."

SEEK TO OUST CANCER CLINIC

HARRISBURG (AP)—Pennsylvania today prepared to open a drive aimed at forcing the Hoxey Cancer Clinic at Portage out of business.

A State Justice Department spokesman said the method chosen was to ask the State Board of Osteopathic Examiners to cite an osteopath at the western Pennsylvania clinic for unethical conduct.

"If we can cut off the hands of the clinic," the spokesman explained, "it won't be able to operate." The matter was to be put before the osteopathic board today.

Once the board acts, the spokesman said, the osteopath—his name has not been disclosed but there are only two at the clinic—will be charged with profiting from the practice of medicine in violation of state law.

Pennsylvania has no statute directly applicable to the operations of the clinic, which still legally may treat Pennsylvanians.

The federal government, however, citing the Pure Food and Drug Act, has banned the clinic from treating out-of-staters.

The Federal Food and Drug Administration has branded the drugs used by the clinic as "worthless for treating cancer."

5-Day Millinery
Strike Is Ended

NEW YORK (AP) — Twenty-two thousand milliners resumed work on women's Easter bonnets and spring hats today following a five-day strike which shut down the women's hat industry throughout the country.

The first nationwide strike in the industry was called off yesterday. Some 2,000 shop officials of the United Hatters, Cap and Millinery Workers International Union ratified a two-year pact.

The settlement was reached by the union's negotiating committee and officials of the Eastern Women's Headwear Assn.

The walkout began last Thursday and affected hat making centers in New York, Chicago, St. Louis, Philadelphia, Boston, Baltimore and other cities in New Jersey, Pennsylvania and Massachusetts.

'58 FARM SHOW IS OPENED BY GOV. LEADER

By RICHARD L. GRAVES

HARRISBURG — The show-
case of Pennsylvania agriculture
—the 1958 Farm Show—moved in
to its second day with full-dress
action on a score of fronts.

Number one was the serious
business of the farm show: better
farming for better service to con-
sumers. Gov. Leader last night
formally dedicated the show to
that theme to cap a record-break-
ing opening day.

Dr. William L. Henning, secre-
tary of agriculture, told the second-
day session of the Pennsylvania
Society of Farm Women "we
must keep selling agriculture, just
as we sell its produce."

135,000 There
"We must stress the importance
of the farmer and his vital role
in the national and state econ-
omy," Henning added, "but at the
same time, we in agriculture must
always remember our greatest ally,
the consumer."

The farm show commission es-
timated 135,000 people jammed in
to the 13-acre building to view the
more than 10,000 exhibits on dis-
play yesterday.

Hopes of farm show officials for
a possible all-time record attend-

ance were shattered by overnight
weather conditions that slicked
highways.

6 Master Farmers

In action today awards were
presented to some of the top peo-
ple—young and old—in the state's
booming farm scene.

Six of the state's top farmers
were named to receive the annual
gold medal and title of "Master
farmer" in special ceremonies.

Designated for the honor were
Gerald A. Biggs, McConnellsburg,
Fulton County; A. C. Harwood,
Wattsburg, Erie County; A. L.
Orner, Rockton, Clearfield Coun-
ty; David E. Roth, Loysville,
Perry County; Frank N. Stoner,
Alverton, Westmoreland County,
and Claude R. Yerger, Apollo,
Armstrong County.

Governor There

Governor and Mrs. Leader pre-
sented special plaques and certi-
ficates of merit to more than 100
elementary and high school
teachers and students, adminis-
trators, grange leaders, individ-
uals and organizations for their
work in farm and home safety
education during the past year.

The high spot of the day's ac-
tivities for most, however, will be
the evening entertainment, this
year featuring nearly 400 folk
dancers from dozens of counties
across the state.

The dance festival will be the
first of its kind ever held in the
commonwealth. It replaces the
rural talent festival which was
held annually for the past 12
years.

Individual women's groups can
win money, national recognition
and the satisfaction of com-
munity service by planning and
carrying out a traffic safety
program.

How to do it? A woman —
or a woman's club — studies
a local or state traffic situation,
identifies a problem, works out
a solution and then tells the
story — in an entry for the
1958 Carol Lane Awards, the
nationwide program honoring
women's contributions to the
field of traffic safety through
community or state projects.

Individual women or women's
clubs or parents' groups who
have organized and executed
such safety programs during the
period of the calendar year
preceding the closing date of
June 15, 1958, are eligible for
the 1958 Carol Lane Awards.

Previous Carol Lane Awards
have honored women for work
in such fields as vehicle legis-
lation, vehicle inspection, driver
training and bicycle and pedes-
trian safety.

The Carol Lane Awards are

administered by the National
Safety Council through a grant
of Shell Oil Co. and are named
for Shell's women's travel di-
rector.

Individual Carol Lane winners
receive a \$1,000 savings bond
and a bronze sculpture symbol-
izing "woman's protective in-
stinct." Second and third place
awards are \$500 and \$250 in
savings bonds, respectively,
and a bas-relief of the sculp-
ture.

The six award winners (three
individual and three women
representing clubs) are guests
of Shell at the National Safety
Congress in October, when they
receive their awards at a lunch-
eon.

Further information and ap-
plication blanks are available
from Miss Alice C. Mills, di-
rector of women's activities,
